MD IMRAN KHAN

UI UX Designer

UX/UI specialist focused on designing clean and functional projects across all platforms and devices in response to specific briefs and problems, while always maintaining a unique look and feel.

Experience

Mobikraft Tech PVT LTD

UI/UX Designer

Mar 2022 - Present

- Research, Wireframing, design, prototyping, testing, and refinement. During research, you gather insights about users' behaviors, needs, and preferences. Design involves creating concepts and solutions based on those insights.
- Design layout, helping to outline the structure and functionality of a product.

Responsibilities

- Led the design and user experience efforts for Mobikraft Learning.
- Collaborated closely with cross-functional teams, including developers and product managers, to ensure design alignment with business goals.
- Design graphic user interface elements, like menus, tabs and widgets
- Build page navigation buttons and search fields
- Develop UI mockups and prototypes.
- Conducted user research, usability testing, and gathered feedback to iterate and improve designs.
- Create original graphic designs (e.g. images, sketches and tables)
- · Prepare and present rough drafts to internal teams and key stakeholders
- Identify and troubleshoot UX problems (e.g. responsiveness)
- · Conduct layout adjustments based on user feedback
- · Adhere to style standards on fonts, colors and images

Requirements and skills:

- Proven work experience as a UI/UX Designer or similar role
- · Portfolio of design projects
- · Knowledge of wireframe tools
- Up-to-date knowledge of design software like Photoshop
- Team spirit; strong communication skills to collaborate with various stakeholders
- Good time-management skills

Education

Rajiv Gandhi Proudyogiki Vishwavidyalaya University

M.tech (Computer Science), Sep 2021 - Till
